**CONTEST NOTICE**  
Department of the Interior, U. S. Land Office Fort Sumner, N. M., June 9, 1913.  
To Carter T. Greenstead, of Canadian, Okla.  
Contested:  
You are hereby notified that William W. Flakin, who gives Clovis, N. M., as his post-office address, did on May 12, 1913 file in this office his duly corroborated application to contest and secure the cancellation of your homestead entry No. serial No. 65676 made Jan. 13, 1908, for lots 3 and 4 sec. 4, township 4 north range 25 east, N. M. P. Meridian, and as grounds for his contest, he alleges that you never established residence on the land.  
You are, therefore, further notified that the said allegations will be taken by this office as having been confessed by you, and your said entry will be cancelled thereunder without your further right to be heard thereon, either before this office or on appeal, if you fail to file in this office within twenty days after the fourth publication of this notice, as shown below, your answer, under oath, specifically meeting and responding to those allegations of contest, or if you fail within that time to file in this office due proof that you have served a copy of your answer on the said contestant either in person, or by registered mail. If this service is made by the delivery of a copy of your answer to the contestant in person, proof of such service must be either the said contestant's written acknowledgment of his receipt of the copy, showing the date of its receipt, or the affidavit of the person by whom the delivery was made stating when and where the copy was delivered; if made by registered mail proof of such service must consist of the affidavit of the person by whom the copy was mailed stating when and the post office to which it was mailed, and this affidavit must be accompanied by the postmaster's receipt for the letter.  
You should state in your answer the name of the post office to which you desire future notices to be sent to you.

That it requires 45 tons of water to grow one bushel of wheat?  
That 750 pounds of water are required to produce one pound of grain?  
That one acre inch of water will produce two and a half bushels of wheat?  
That 20 acre inches of water will produce 50 bushels of wheat?  
That under a rainfall of 12 inches a year, if only one-half can be conserved, it will produce 15 bushels of wheat to the acre?  
That Dry Farming is conserving this moisture, conserving the soil, conserving energy and nature, and that pays the man who follows it?
